About the maps on www.geo-ref.net

All maps published on this site are **free to use without costs, meanwhile the same are not modified**, especially concerning our own site logotype. This is valid for the PNG and the PDF-files.

We have published on the country page usually the population density of the country, the mostly interesting thematic map. But the real power of our offer consists in the display of your own data, drawing so your own maps with your results or relevant data.

So it works:

Please **visit the corresponding page for our detailed conditions of service and supply**. The price of a thematic map is visible on the corresponding country page.
